Use the following example to figure tuition when more than one student is being registered ***or*** more than one class is being registered for: A Session is equal to 9 weeks of classes.

Sue & Ellen Thomas. Sue is registering for the Ballet Tech Tuesday class a 1-1/4 hr (75 minute) class, and the Hip Hop class a one-hour (60 minute) class. Ellen is registering for the Intermediate Tap class a 1-1/4 hr (75 minute) class and the Intermediate Jazz class a 1-1/4 hr (75 minute) class.

Tuition is figured as follows (start with LONGEST in length, followed by the 2nd longest, etc)

**Sue's** 1st class = 75 minutes = \$140.00  
4th class = 60 minutes = \$129.00  
\$269.00

**Ellen** 2nd class = 75 minutes = \$135.00  
3rd class = 75 minutes = \$130.00  
\$265.00

\$269.00 (Sue) + \$265.00 (Ellen) + \$35 Family Registration = \$569.00 Due
